U. S. SENDS NOTE TO BRITAIN ON WAR CLAIMS

CONCERNS PAYMENT OF THE SAME OUT OF GERMAN REPARATION

GREAT BRITAIN MAY ASK DISPUTE BE SETTLED BY WORLD COURT ARBITRATION

AMERICAN POSITION IN THE MATTER EXPLAINED IN DETAIL

(By United Press)
Washington, Dec. 12.—The United States has dispatched a firm note to Great Britain which will be delivered today, refusing to recognize British opposition to payment of American war claims out of the German reparations fund.

As a result of the American stand and the attitude of other allies in the support of the United States, Great Britain is expected to ask to submit the dispute to the world court for arbitration. The United States will oppose such a request but if France and the other allies support Britain she probably will accede.

The American position in the matter is that the right of this government for reimbursement of its war claims is hers in the actual war losses of this country. It holds that the Treaty of Versailles or Spa agreement or any decision of the world court cannot affect that inherent right.

Legitimate arbitration already is being had through the American-German mixed claims commission, sitting here, fixing the total amount of claims, which aggregate about \$250,000,000, the government contends.

The British case is based on two points:

1. The United States is not a party to the Versailles treaty.
2. It could collect its claims as Britain and others have done, by retaining German property seized in the war.

This government has replied to the note in effect:

1. The United States has as much right to collected reparations, under its separate German treaty as the allies have under the Versailles.
2. The Dawes agreement provides for America's equal rights with the Allies to payment from the reparations fund.

3. By foregoing claims for pensions and personal allowances such as the Allied payments from the reparations funds.
4. By foregoing claims for pensions and personal allowances as the Allies have made the United States already has reduced its claims to a bare minimum which is insignificant compared with the total reparations.

The American claim of \$225,000,000 for the army of occupation, settled on the basis of the 10-year payment under the Wadsworth agreement are not challenged by Great Britain.

U. S. WILL NOT ARBITRATE MATTER

Paris, Dec. 12.—The United States government will refuse to submit to arbitration the question of its right to participate in payments under the Dawes plan for satisfaction of army costs and other damage claims as it is indicated England will propose, the United Press was authoritatively informed today.

The attitude of the American members of the reparations commission and committees is that such a proposition would be like arbitrating whether the United States fought in the war.

SLEEP WITH GUNS IN SOUTH AFRICA

Durban, South Africa, Dec. 12.—Durban and other parts of South Africa are swept by a crime wave. An epidemic of organized crime has resulted in a reign of terror, with the police powerless to cope with the bandits and murderers who have come into the colony from other parts of Africa. Europeans in Durban are sleeping with revolvers under their pillows.

House G. O. P. to Oust Independents From Council

POSTAL SALARIES INCREASE BILL AS CHRISTMAS PRESENT

(By United Press)
Washington, Dec. 12.—President Coolidge today agreed to immediate passage of the postal salaries increase bill over his veto if legislation providing for increases in second and third class postal classes is enacted by congress at the same time, according to senators who conferred with him at the White House.

Postmaster General New is drafting the bill providing for the necessary increases and it may be introduced today.

SAMUEL GOMPERS REPORTED "VERY MUCH BETTER"

"ABSOLUTELY NO CAUSE FOR ALARM," IS NEWS GIVEN OUT

GOMPERS' CAR DUE IN SAN ANTONIO LATE THIS AFTERNOON

(By United Press)
Laredo, Tex., Dec. 12.—Samuel Gompers' condition was "very much better" and there is absolutely no cause for alarm, according to a statement to the United Press from Dr. W. F. Cockrell, attending physician, when the special car reached Nuevo Laredo at 7:45 (Mexican time).

The veteran leader of the American Federation of Labor was asleep as the special car crossed over the border.

Gompers' car will be attached to an International & Great Northern train which will leave here at 10 o'clock for San Antonio.

It is due at the latter place at 3:45 this afternoon.

FEDERATION OFFICERS ANXIOUSLY AWAIT WORD

Washington, Dec. 12.—Officials at the headquarters of the American Federation of Labor here maintained an all-night vigil, awaiting anxiously for word of the condition of Samuel Gompers.

Mrs. Gompers was at her home here and every scrap of information that was received at headquarters, whether by private messages from members of the Gompers party or by news dispatches was quickly relayed to her.

The last message received late last night said doctors attending Gompers thought he would safely reach the American border.

GROUNDWORK FOR 3RD MAJOR PARTY BUILDING

EXECUTIVE COUNCIL OF CONFERENCE FOR PROGRESSIVE POLITICAL ACTION MEETS

UNDISMAYED AT LOSING ELECTION, FORSAKEN BY MOST OF ITS PROMINENT LEADERS

(By United Press)
Washington, Dec. 12.—The groundwork for a third major political party to carry on the LaFollette movement against the old line democrats and republican regimes was being laid here today by the executive council of the conference for progressive political action.

Defeated overwhelmingly in the election, forsaken by some of its most prominent leaders and suffering from the lack of money, the same little band of men that met in Cleveland six months ago and brought about the nomination of Robert M. LaFollette for the presidency re-assembled again this morning at engineers' headquarters to plot the future.

SUN YAT SEN MAY BE HAILED AS CHINA SAVIOR

PLANS TO ASSUME CONTROL OF THE GOVERNMENT WITH AID OF RUSSIAN

MAY ABOLISH ALL TREATIES WITH FOREIGN POWERS, REPORTED

(By United Press)
Tokio, Dec. 12.—The Japanese Advertiser tomorrow will publish a dispatch from Shanghai sent by B. J. Fleischer, its editor, claiming that Sun Yat Sen will be received at Peking as savior.

Sun Yat Sen, the dispatch says, plans to assume control of the government with the aid of Karakhan, a Russian, and establish "red rule" in China and abolish all treaties with foreign powers "in imitation of Lenin's methods."

The dispatch declares that Feng Yu Hsiang, the Christian general who seized Peking, and General Sun Yueh, who is the commander of 100,000 troops, are supporting Sun Yat Sen.

Best informed persons in China believe Sun's regime will be brief but damaging, Fleischer says.

The Japanese foreign office here says that it has heard rumors of Sun's impending coup but believes that the Canton government may join the present Peking cabinet.

PREMIER HERRIOT TAKES TO HIS BED VERY SICK MAN

CANNOT MOVE HIS RIGHT LEG BECAUSE OF SEVERE INFLAMMATION

THIRD DOCTOR SUMMONED ALSO FINDS HE HAS HEART TROUBLE

Paris, Dec. 12.—Premier Edouard Herriot cannot move his right leg because of severe inflammation, and a third doctor, a heart specialist, was summoned to his bedside today. The French premier took to his bed on Tuesday, exhausted from his recent efforts in directing a campaign against the communists and suffering from the grippe and rheumatism.

The cabinet meeting today was held in Herriot's bed room, the ministers sitting about the sick premier on chairs and on the edge of the bed and interrupted their discussions upon arrival of doctors.

It was said that the premier's condition today showed a slight improvement.

Aged Coca-Cola King Wins Back Young Wife; Suit for Divorce Ends

Atlanta, Ga., Dec. 12.—After months of estrangement Asa Candler, aged Atlanta capitalist, and his beautiful young wife were reunited today.

The domestic schism was ended when Mrs. Candler returned to the palatial residence of the coca-cola magnate, after living with her parents, Mr. and Mrs. Thomas M. Little, for nearly a year.

Relatives and friends of the couple confirmed the reconciliation.

Candler, while not denying the reunion, refused to discuss it. "It is purely a personal matter and I would rather not say anything about it," he said.

Pending divorce proceedings against Mrs. Candler, it is understood, will be dropped.

QUAKES SHAKE NORTHERN ITALY, ALARMING PEOPLE

(By United Press)
London, Dec. 12.—Severe earthquake shocks were felt in northern Italy this morning, a Central News dispatch from Rome says. The citizens of Trieste and Fiume and Tolmezzo were thrown into panic. Many buildings were heavily damaged.

AIM TO KEEP STATE HIGHWAYS OPEN FOR TRAVEL

HIGHWAY DEPARTMENT WILL COPE WITH SNOW-FALL

NEARLY 100 MILES OF SNOW FENCES HAVE BEEN ERECTED

(By United Press)
St. Paul, Dec. 12.—The Highway department will make greater efforts than heretofore to keep Minnesota trunk highways open to travel this winter.

Recent snows have left highways passable or better over the greater part of the total mileage, a special report said today.

Patrolmen have been instructed to keep important highways open where the cost is not too great, and special authorizations will be made under certain conditions. Nearly 100 miles of snow fences have been erected along stretches of trunk highways where snow drifts have blocked traffic in recent winters.

There is no assurance from Commissioner Babcock, however, that the entire 7,000-mile system of trunk highways will be kept passable all winter, much depending on the snow-fall and other conditions, but reasonable steps will be taken to keep traffic moving.

Special efforts will be made to keep the North Shore highway open, because of the thousands of settlers in this region who are entirely dependent on the highway for deliveries of mail and supplies. Important milk routes into large centers of population will be kept open insofar as possible.

WANTED TO DIE IN ORDER TO SEE HIS SWEETHEART

ALEXANDER KUCZIK, AGE 20, SLAYER OF 13 YEAR COUSIN SWEETHEART

EXECUTED IN ELECTRIC CHAIR AT COLUMBUS, OHIO

(By United Press)
Columbus, Oh., Dec. 13.—"I want to die, because I will see my sweetheart."

With these last words Alexander Kuczik, barely 20, was executed in the electric chair early today for the murder of his 13-year old cousin sweetheart, Elizabeth Magy.

In executing Kuczik, the state did for him what in the beginning he had sought to do for himself.

Kuczik, fired with jealous rage, battered Elizabeth to death because she had rejected his attentions and then attempted suicide, hoping that in death they would be united as lovers.

According to alienists who made an eleventh hour appeal for mercy before Governor Donahay late yesterday, Kuczik was a moron, dominated completely by his emotions. His mind never grew up with his body. He knew right from wrong, but could not keep from doing wrong.

TWO ST. PAUL YOUTHS TAKEN NEAR CHICAGO

CLAIMED THEY ARE COMPANIONS OF JACK RENTZ, CONFESSED BANDIT

WILL BE CONFRONTED WITH VICTIMS OF 20 RECENT HOLDUPS

(By United Press)
St. Paul, Dec. 12.—Two St. Paul youths, alleged companions of Jack Rentz, confessed bandit, were arrested early today in Berwyn, Ill., a Chicago suburb.

They are Herbert and Stanley Lindstrom, brothers.

Their capture, according to Chief of Police Ed Murnane, was the result of some of the best detective work in the history of the department.

The youths were traced about St. Paul to St. Cloud, back to St. Paul, then to Hudson, Wis., and then to Chicago.

Detectives Tom Brown, William McMullen and Austen McNeeley, made the arrests. The boys will return without fighting extradition, it was reported. When brought here they will be confronted with the victims of 20 recent holdups.

Jack Rentz, their leader, was shot in an attempt to get away after a drug store holdup recently. Detective James Mitchell shot him three times. The bullets were removed today by surgeons.

6,000 'LEGGERS' THREATEN TO TIE UP U. S. COURT

SEEK TO BLOCK \$6,000,000 EXCISE TAX IMPOSED

ALL MAY ENDEAVOR TO SEEK INJUNCTIONS, REPORTED

St. Paul, Dec. 12.—Prospects of an unparalleled "tie-up" of United States district court in Minnesota loomed today as 6,000 bootleggers throughout the state prepared to fight imposition of \$6,000,000 "excise taxes."

Last-minute efforts are being made by federal authorities to avert the scheduled jam as preparations are being completed for opening, within the next week, of the so-called "excise tax" court by the internal revenue department.

The "tie-up" will result, according to authorities, if the bootleggers carry out threats to take individual action to secure injunctions from federal district court judges restraining levy of the taxes.

The excise tax court, of which Ray Johnston, legal advisor of the internal revenue office here, is judge, was first opened last year. It was created for the purpose of taxing the illicit manufacturers of intoxicating liquor.

The first four bootleggers against whom taxes were levied last year sought injunctions. These were granted by Judge Wilbur F. Booth and John F. McGee on the grounds that the liquor law violators had already been convicted and penalized, and that levy of a tax was but a further penalty, and illegal.

No illicit manufacture can be taxed, it was held.

Washington offices of both the prohibition and internal revenue departments were notified and further actions were halted.

Orders which today authorize the court to resume its actions are held to indicate the two departments intend to "make it tough" for the bootleggers.

Attorneys for liquor law violators said today their only recourse would be individual appeals for injunctions, with the four already granted as "the precedent."—St. Paul Daily News.

AMERICA HAS POTATOES FOR ENGLAND, IRELAND

(By United Press)
St. Paul, Dec. 12.—America has 50,000,000 bushels of potatoes for England and Ireland.

To prevent a threatened famine in Ireland and a serious shortage of tubers in England, potato growers of this country are seeking the aid of the Shipping Board to transport potatoes to these countries.

Telegrams were sent today to Minnesota congressmen and senators urging them to support a measure to be introduced in congress soon providing that the Shipping Board be authorized to carry at least 10,000,000 bushels of potatoes free of freight charges to Ireland and England. There is a surplus of potatoes here, American growers declared, while England and Ireland are in serious need.

WIFE OF U. S. SENATOR JOHNSON ILL AT HOME

MAY REQUIRE OPERATION FOR RELIEF FROM GALL BLADDER TROUBLE

SENATOR JOHNSON WAS CALLED HOME FROM WASHINGTON TO HER BEDSIDE

(By United Press)
Kimball, Minn., Dec. 12.—Mrs. Magnus Johnson, wife of the junior United States senator from Minnesota, may require an operation for relief from acute inflammation of the gall bladder from which she has been suffering, her physician said today.

Senator Johnson, called home from Washington, is expected here tonight or tomorrow. He will consult Dr. George E. Sherwood, the family physician, concerning an operation. Dr. Sherwood at the Johnson home early today said he was not certain as yet whether an operation would be necessary.

Mrs. Johnson suffered intense pain last night but was somewhat easier this morning. If an operation is found to be advisable she probably will be taken to a Minneapolis hospital.

NEGRO HANGED FOR MURDER OF GROCERY MAN

ROBERT MATHEWS PAYS PENALTY IN SACRAMENTO, CALIF.

PLEAS FOR MERCY MADE TO THE GOVERNOR ARE UN-AVAILING

(By United Press)
Sacramento, Calif., Dec. 12.—Robert Mathews, a negro, was hanged at Folsom prison today for the murder of Coleman Stone, grocer, at Bell Station, Los Angeles.

The gallows trap was sprung at 10:04 1/2 and the man was pronounced dead 12 1/2 minutes later.

Mathews went to his death without making any statement.

Pleas for mercy, made to Governor Richardson three days ago, based on the statement that Joe Simuel, the second man involved in the crime, had taken complete responsibility for the crime, were unavailing.

Simuel will be hanged at Folsom one week from today.

REPUBLICAN LEADERS FOLLOW SENATE PLAN

ENTIRE WISCONSIN REPUBLICAN DELEGATION LISTED FOR "OUSTER"

ALSO KELLER, MINNESOTA, AND SINCLAIR OF NORTH DAKOTA

(By United Press)
Washington, Dec. 12.—Republican leaders in the House of Representatives definitely decided today to disbar LaFollette supporters from party caucuses and to strip them in the next congress of committee assignments as a disciplinary measure for bolting the party in the last election.

In the same fashion as Senators LaFollette, Ladd, Frazier and Brookhart were "read out of the party" by republican senators it was decided to oust house independents from future house republican caucuses, the first of which will be held in February.

The entire Wisconsin republican delegation and Rep. Keller, Minnesota, and Sinclair, North Dakota, were included in those to be ousted.

Under present plans the caucus in February will adopt a resolution declaring that those "who opposed President Coolidge in the campaign," are not eligible for party meetings.

The conference will elect a committee on committees which will allot committee posts to straight, out-and-out republicans.

No action, it was said, will be taken against some republicans who "played ball" last season with the independents. Many of these already have informed leaders that they are back in the republican fold and back to stay.

Sentiment among republican members over removing independents from their committee posts has crystallized to the point where many members have informed leaders they will refuse to set on committees where they are outranked as republicans by LaFollette supporters.

RAILWAYS ALLOT 20-MILLIONS FOR NEW EQUIPMENT

Duluth, Dec. 12.—In anticipation of a heavy rail movement in 1925, railroads of the northwest will enter the market this winter for approximately \$20,000,000 worth of equipment, according to reports from general offices in Minneapolis and Chicago.

The Northern Pacific railroad will place orders for 2,000 box cars, 800 gondolas, and 20 units of passenger equipment, it was stated Thursday by R. W. Clark, assistant to the president. The budget of maintenance is expected to amount to an outlay of \$1,400,000. The delivery of three electric coaches is expected before the first of the year.

Expenditure of \$7,000,000 for equipment and more than \$2,000,000 for maintenance is planned by the Great Northern company, according to G. H. Martin, executive vice president. The Soo line will spend \$2,000,000 for equipment and \$1,500,000 for maintenance.

Of an outlay of \$8,000,000 for new freight and passenger cars, some \$2,000,000 will be allotted by the Northwestern road to the northwest part of the system, including the Omaha. The Milwaukee will spend \$2,000,000 on the northwest lines and approximately \$1,000,000 will be spent by other roads in the northwest.

Expenditures by the Great Northern of special interest to northern Minnesota are for alterations of the Allouez dock near Superior; the purchase of 500 new ore cars costing approximately \$2,950,000, the building of 100 automobile box cars in the shops at Superior, and the laying of a second track between Kelly Lake and Emmert.—Duluth News Tribune.

U. S. SENDS NOTE TO BRITAIN ON WAR CLAIMS

CONCERNS PAYMENT OF THE SAME OUT OF GERMAN REPARATION

GREAT BRITAIN MAY ASK DISPUTE BE SETTLED BY WORLD COURT ARBITRATION

AMERICAN POSITION IN THE MATTER EXPLAINED IN DETAIL

U. S. WILL NOT ARBITRATE MATTER

Paris, Dec. 12.—The United States government will refuse to submit to arbitration the question of its right to participate in payments under the Dawes plan for satisfaction of army costs and other damage claims as it is indicated England will propose, the United Press was authoritatively informed today.

The attitude of the American members of the reparations commission and committees is that such a proposition would be like arbitrating whether the United States fought in the war.

6,000 'LEGGERS' THREATEN TO TIE UP U. S. COURT

St. Paul, Dec. 12.—Prospects of an unparalleled "tie-up" of United States district court in Minnesota loomed today as 6,000 bootleggers throughout the state prepared to fight imposition of \$6,000,000 "excise taxes."

Last-minute efforts are being made by federal authorities to avert the scheduled jam as preparations are being completed for opening, within the next week, of the so-called "excise tax" court by the internal revenue department.

WIFE OF U. S. SENATOR JOHNSON ILL AT HOME

MAY REQUIRE OPERATION FOR RELIEF FROM GALL BLADDER TROUBLE

SENATOR JOHNSON WAS CALLED HOME FROM WASHINGTON TO HER BEDSIDE

(By United Press)
Kimball, Minn., Dec. 12.—Mrs. Magnus Johnson, wife of the junior United States senator from Minnesota, may require an operation for relief from acute inflammation of the gall bladder from which she has been suffering, her physician said today.

Senator Johnson, called home from Washington, is expected here tonight or tomorrow. He will consult Dr. George E. Sherwood, the family physician, concerning an operation. Dr. Sherwood at the Johnson home early today said he was not certain as yet whether an operation would be necessary.

Mrs. Johnson suffered intense pain last night but was somewhat easier this morning. If an operation is found to be advisable she probably will be taken to a Minneapolis hospital.

NEGRO HANGED FOR MURDER OF GROCERY MAN

ROBERT MATHEWS PAYS PENALTY IN SACRAMENTO, CALIF.

PLEAS FOR MERCY MADE TO THE GOVERNOR ARE UNAVAILING

(By United Press)
Sacramento, Calif., Dec. 12.—Robert Mathews, a negro, was hanged at Folsom prison today for the murder of Coleman Stone, grocer, at Bell Station, Los Angeles.

The gallows trap was sprung at 10:04 1/2 and the man was pronounced dead 12 1/2 minutes later.

Mathews went to his death without making any statement.

Pleas for mercy, made to Governor Richardson three days ago, based on the statement that Joe Simuel, the second man involved in the crime, had taken complete responsibility for the crime, were unavailing.

Simuel will be hanged at Folsom one week from today.

REPUBLICAN LEADERS FOLLOW SENATE PLAN

ENTIRE WISCONSIN REPUBLICAN DELEGATION LISTED FOR "OUSTER"

ALSO KELLER, MINNESOTA, AND SINCLAIR OF NORTH DAKOTA

(By United Press)
Washington, Dec. 12.—Republican leaders in the House of Representatives definitely decided today to disbar LaFollette supporters from party caucuses and to strip them in the next congress of committee assignments as a disciplinary measure for bolting the party in the last election.

In the same fashion as Senators LaFollette, Ladd, Frazier and Brookhart were "read out of the party" by republican senators it was decided to oust house independents from future house republican caucuses, the first of which will be held in February.

The entire Wisconsin republican delegation and Rep. Keller, Minnesota, and Sinclair, North Dakota, were included in those to be ousted.

Under present plans the caucus in February will adopt a resolution declaring that those "who opposed President Coolidge in the campaign," are not eligible for party meetings.

The conference will elect a committee on committees which will allot committee posts to straight, out-and-out republicans.

No action, it was said, will be taken against some republicans who "played ball" last season with the independents. Many of these already have informed leaders that they are back in the republican fold and back to stay.

Sentiment among republican members over removing independents from their committee posts has crystallized to the point where many members have informed leaders they will refuse to set on committees where they are outranked as republicans by LaFollette supporters.

RAILWAYS ALLOT 20-MILLIONS FOR NEW EQUIPMENT

Duluth, Dec. 12.—In anticipation of a heavy rail movement in 1925, railroads of the northwest will enter the market this winter for approximately \$20,000,000 worth of equipment, according to reports from general offices in Minneapolis and Chicago.

The Northern Pacific railroad will place orders for 2,000 box cars, 800 gondolas, and 20 units of passenger equipment, it was stated Thursday by R. W. Clark, assistant to the president. The budget of maintenance is expected to amount to an outlay of \$1,400,000. The delivery of three electric coaches is expected before the first of the year.

Expenditure of \$7,000,000 for equipment and more than \$2,000,000 for maintenance is planned by the Great Northern company, according to G. H. Martin, executive vice president. The Soo line will spend \$2,000,000 for equipment and \$1,500,000 for maintenance.

Of an outlay of \$8,000,000 for new freight and passenger cars, some \$2,000,000 will be allotted by the Northwestern road to the northwest part of the system, including the Omaha. The Milwaukee will spend \$2,000,000 on the northwest lines and approximately \$1,000,000 will be spent by other roads in the northwest.

Expenditures by the Great Northern of special interest to northern Minnesota are for alterations of the Allouez dock near Superior; the purchase of 500 new ore cars costing approximately \$2,950,000, the building of 100 automobile box cars in the shops at Superior, and the laying of a second track between Kelly Lake and Emmert.—Duluth News Tribune.

ICE SKATING RINK IN CITY

Opens Sunday, Dec. 14. If Weather Permits, Between Norwood and Laurel on 10th Street

ELMER HEGSTAD IN CHARGE

Will Operate Warming House And Check Room in Connection With Rink

The Brainerd ice skating rink will open on Sunday, December 14th, if the weather permits, between Norwood and Laurel streets on Tenth street.

This rink will not be operated as a municipal rink this season, but has been taken over by Elmer Hegstad, who will conduct it along similar lines as in past years, making a small charge for the skating privilege.

Mr. Hegstad has had experience in this line before, and feels confident that he will be able to satisfy the public. He will operate a warming house and check room in connection with the rink.

The rink will be well lighted during the evening, and will be under the proper police protection at all times, according to the proprietor. No sliding nor games of any kind will be permitted, with the exception of hockey, which will be enjoyed on certain days.

For the past two years the skating rink has been conducted by the city, but this plan was discontinued for the 1924-25 season. Mr. Hegstad, because of his previous experience, was finally prevailed upon to take charge of the rink, and it is expected from the interest that is already manifested, that this will be one of the most popular winter sports in the city. The rink has already been flooded several times, and will be covered again before the opening on Sunday. It will be operated all winter if the patronage warrants.

COMMERCIAL COLLEGE GRADS ARE IN DEMAND

There seems to be a growing demand for stenographers and bookkeepers, so many requests of this nature having come to the Brainerd Commercial College during the past month that the present students are working over time in order to be ready to accept positions as fast as the calls come in.

New students are enrolling every week at the college. No doubt the winter term, beginning December 29th, will see one of the largest enrollments that this live business college has experienced in years. What is more, it must be a good place to enroll for anyone desiring a position of this kind—service speaks for itself.

Indictments were returned against three men who have deserted wife and children; one neglect case has been heard; one county allowance granted in Probate Court; one District Court hearing attended and paternity established in one case. One girl on probation to another county and under our supervision was sent to Sauk Center.

Through the kindness of the Elks about 12 of our families were provided with Thanksgiving baskets.

CHRISTMAS DINNERS

Salvation Army Expects to Distribute 50 Baskets to Poor Families

The local corps of the Salvation Army are planning as per their annual custom, to bring joy to the homes of about fifty poor families on Christmas day by the distribution of well filled Christmas baskets.

Through the courtesy of the business men, Captain Kelly has placed miniature drums in many of the stores down town for the convenience of those who would like to contribute towards the expense of this effort, and it is hoped that the people of Brainerd will respond as generous as they have done on such previous occasions.

Anyone wishing to give produce, preserves, toys, clothing or anything else that would be useful in this direction should call Captain Kelly, phone No. 627, and he will be glad to call for them.

DAVID ARCHIBALD, PIONEER, DIED

Enlisted as Sharpshooter 1st Minnesota Regiment When Only 15 Years Old

WAS COUNTY COMMISSIONER

Designated Many Main Highways and Roads, Organized Deerwood Township

David Archibald, well known pioneer of this county, died at the age of 80 at the State Soldiers Home in Minneapolis. He leaves three children, Earl C. Archibald of Bay Lake, Mrs. Richard Essewein of Minneapolis and Mrs. Solon Dillman of Long Lake, and two brothers Robert and Walter Archibald of Deerwood.

He was born in Nova Scotia and with his parents first lived near Minneapolis. When but 15 years old he enlisted with sharpshooters of the First Minnesota regiment and participated in some of the bloodiest battles of the civil war.

After the war he married Miss Mathilda Conzant and settled on the north shore of Bay lake, being the second white settler there and organizer of the township.

He was elected a county commissioner and so served when the Laurel street bridge was built in Brainerd. He was an expert at laying out roads, and in company with County Surveyor R. K. Whiteley designated the routes of the main roads at Brainerd. He also laid out many other county roads, notably the Bay Lake to Deerwood road.

He was successful in raising small fruits and assisted to organize the Bay Lake Fruit Growers Association, which has been a wonderful success. For many years he conducted a summer resort and many tourists speak highly of the accommodations he supplied.

HARP SOLOIST AT LYCEUM

Prof. Cortez to Play Sunday and Monday, Using an \$800 Harp

Patrons of the Lyceum theatre Sunday and Monday will have the privilege of hearing one of the finest musical acts ever presented in the city. Prof. Cortez who is noted from coast to coast as the master of the harp will appear at all performances playing both classical and popular music, on his new \$800 harp.

BRAINONIAN STAFF BUSY

"The Evening-Gown" to be Shown Will Also be Charming Affair

Now wouldn't it be just terrible if you came to see your fiance and she was perfectly furious just because your breath smelled of peppermint? She accused you, condemned you, and everything but showed you the door. And you were honest to goodness daffy about her.

Just what would you do and say because you simply can't see anything wrong in having a peppermint breath?

You finally learn that the reason that you have been condemned so was because a dear friend of your beloved had been kissed by some one having a peppermint breath. Now taking everything into consideration wouldn't this dear girl that you're so in love with naturally be offended when she had the strongest hunch that it was you?

Now if you know what to do to satisfy your inquisitiveness you will take that short but snappy journey to the B. H. S. building located at Oak and Eighth streets, Wednesday night, December 17th. There you will calm your much aroused nerves by finding out Just Who Kissed Barbara and why and what that penetrating odor of peppermint had to do with the kissing. The Brainonian staff produces a play each year to help meet the expenses of the Brainonian annual. This year they are working hard giving you two plays, "Who Kissed Barbara" and "The Evening Gown." Besides these two plays, you will hear the Girls' Glee Club, Sextet and the High School Orchestra. This hour and a half of entertainment will cost you only 25c. You are getting some mighty fine entertainment for such a small price. If there was a bargain sale you would rush madly to it. Now this is an honest to goodness bargain, a play at least worth 50c at half price, slashing it! Cutting it right in half. Patronize your High School. Don't forget Wednesday night, December 17th. We are looking for you 500 strong. Come on and push and when you push you're pushing something worth while—your energy will be spent on the Brainonian.

FRACTURED THIGH

Philip Betzold Fell From Scaffold at Northern Pacific Railway Shops

Philip Betzold, 1223 East Pine street, had the misfortune of falling from a scaffold on Thursday afternoon, while at work at the local Northern Pacific shops, and suffered a fractured thigh.

Mr. Betzold is a carmen employed in the shops. He is reported to be getting along as well as can be expected for a man of his years.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

CROSBY LEGION POST PLANS IMPROVEMENT OF LAKE SHORE PARK

Crosby, Dec. 12.—The village council was addressed by Commander Jeff Leighton of Clarence A. Nelson post, American Legion, who stated that if the council wished the post would take, as part of its year's work, the improvement of the park site along the lake shore, donated two years ago by George H. Crosby.

The plan of the Legion is to furnish engineering and subsequent plans and blue prints to start the ball rolling, at no cost to the village. The council voted unanimously to accept this aid.

The site comprises several acres along the lake shore just west of and adjacent to the old park site. Several ways have been suggested to improve the property, which needs draining and filling, but nothing definite has been done.

TEXAS HEARS OF BRAINERD'S "REMOTENESS"

THAT cock and bull story of the Radio Digest referring to Brainerd's "remoteness" and location in the northern wilderness is still arousing indignation wherever people live who have once visited our fair city. The latest roar of condemnation emanates from Fred J. Sackett of Bullard, Texas, who in a letter to the Brainerd Chamber of Commerce, says:

"I am enclosing herewith a very interesting clipping that came to my notice today, relating to the 'remote little town of Brainerd.' It may interest you or some of your boosters.

"I moved from Minneapolis to Texas seventeen years ago and as a resident of Minnesota I visited Brainerd several times before that date and as I recall it now it was quite a respectable little city, 'having preachers, churches and Sunday schools' even at that remote date.

"I should be interested to know what happened to the city after I left the state to drive all of these moral agencies out of town.

"If you are not interested in refuting the libel, pass this on to your newspaper."

Brainerd has protested until it got blue in the face, and the managing editor of the radio paper has made an apology of which he turned in an advance copy to the Minneapolis Journal and which was published in the Brainerd Dispatch.

The Radio Digest's retraction of statements made derogatory to Brainerd was published in the December 13 issue and graced with a single column head, whereas the original story was decked out with a two-column heading.

THEY WILL COME BACK FROM CALIFORNIA

GEORGE W. MOODY, former court reporter in this district, who in the course of his years of work took testimony and made transcripts that made a pile some 50 feet square and 30 feet high and weighed tons and tons, has for some time made his home in California, occasionally also visiting Tia Juana.

Well, George is coming back to Brainerd. And it's all come out why George does not think California a 100 per cent perfect dream proposition. It's on account of the vegetables.

The California potatoes are immense, but their quality is poor. Viscid, watery, flaccid, no stamina. And so with a lot of other vegetables. Friends who entertained George while he was last in Brainerd, and they are well able to make note of how George assailed the dinners here, say that Mr. Moody said he never did get a square meal in California, all on account of the wishy-washy vegetables. Good substantial porterhouse steaks such as you get in Brainerd are also rare dishes in California.

Some people become so imbued with the California bug that they kid themselves into believing they are living in an earthly paradise. California may have gotten George's aesthetic taste, but it never landed his stomach.

A SATISFIED PROPERTY OWNER

CITIZENS of Brainerd, like those of St. Paul, only appear before councils, as a rule, when they have something in the way of protest or to ask that something be done. The St. Paul council, however, was so shocked over the behavior of one of its citizens that it made a record of the same in the official minutes.

J. S. Sweitzer, a property owner living on Capitol avenue, won the medal and recognition. He took a special trip to the city council meeting and expressed his approval of an assessment for the paving of Capitol avenue.

Newspapers report that he said: "I thought I ought to tell you that so far as I know everybody is satisfied with this job and the assessment for it."

Mayor Nelson and the councilmen were some time recovering from the shock and then ordered that Mr. Sweitzer's name and commendation be noted on the minutes, for, said the mayor, persons usually come to council only to protest against assessments.

PEQUOT AT LIVESTOCK SHOW

PEQUOT did its share in making the International Livestock, Grain and Hay show at Chicago last week the most successful event of its kind with the entry of D. E. Rodman. The cattle and horse exhibits and the showing of corn and oats exceeded that of any of the 25 years of the exposition. The hay display, too, was exceptionally fine this year and the winning bale of alfalfa, raised by A. W. Jewett, Jr., of Mason, Mich., was purchased by the Blue Valley Creamery Institute of Chicago to demonstrate the possibilities of this crop on the average farm.

CHARLES BOYCE of Atlanta, Georgia, will enter college at the age of 11. We have failed to see where any of these youthful mental prodigies ever lived up to their baby reputation and as a rule they resemble hot house plants, forced to stimulated growth and unable to withstand the rigors of adult life. A Boston prodigy in later years was content to run an adding machine and when reporters bothered him for a story he begged to be let alone.

THE radio broadcasting station of the near future may be one of 5,000 watts. Hitherto a limit of 1,000 watts has been maintained. Superpower is expected to eliminate much of the static trouble. Listeners near super-stations may be unable to cut through and get their favorite stations.

A PERSONAL angle was reached in the Forbes-Thompson fraud case on trial when E. H. Mortimer, chief government witness, accused Forbes "with running around with Mrs. Mortimer," and charging further that the pair "were living together in various big hotels."

THEY'RE building a skyscraper garage in Chicago. It would be a calamity if somebody left the door open on the 52nd floor.

WHEN pa takes to radio, the children to the movies and ma to cross word puzzles, where is our happy home?

statement this morning calling the attention of the public to the fact that money subscribed for Christmas seals may be deducted from the income tax returns of the individual.

"We have received a number of inquiries within the last week," he stated, "from people desiring to know whether the Christmas seal campaign is a type of charitable enterprise that the law provides as subject to exemption. The money derived from the sale of these seals, inasmuch as it goes into a fund to prevent and cure tuberculosis, falls within the classification described as 'contributions to religious, educational and charitable institutions.'"

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil.)

The inventor, J. E. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

NOTICE OF REAL ESTATE MORTGAGE FORECLOSURE SALE

Default having been made in the conditions of that certain real estate mortgage duly made, executed and delivered by Henry E. Kunder and Mazie Kunder, his wife, and Robert E. Snell and Bridget Snell, his wife, mortgagors, to John O. Hanchett, mortgagee, hearing date on the 15th day of November, A. D. 1919, with a note of said therein contained, and duly filed for record in the office of the Register of Deeds in and for the County of Crow Wing and State of Minnesota, to-wit: Book 112 of November, A. D. 1919, at 12 o'clock noon of said day, and duly recorded therein in Book 27 of Mortgages on Page 425.

That the said real estate mortgage consists in this, the failure on the part of the mortgagors to pay the installment of interest of Five Hundred Forty (\$540.00) Dollars, due on the 15th day of November, 1923, and the further installment of interest of Five Hundred Forty (\$540.00) Dollars, due on the 15th day of November, 1924, and the failure to pay the principal mortgage debt and note of Nine Thousand (\$9,000.00) Dollars, due and payable on the 15th day of November, 1924, and by reason of said default, the whole of said mortgage debt is now due and payable.

And Whereas, there is claimed to be due and is now due on said mortgage, including principal and interest, at the date of this notice, the sum of Ten Thousand One Hundred Twelve and 40/100 (\$10,112.40) Dollars;

And Whereas, no action or proceedings have been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof;

NOW THEREFORE, Notice is hereby given that by authority of the power of sale in said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by a sale of the mortgaged premises described in and conveyed by said mortgage, to-wit:

All that tract or parcel of land lying and being in the County of Crow Wing and State of Minnesota, and described as follows, to-wit: The West Half (W 1/2) of Section Twenty-seven (27), in Township One Hundred Thirty-eight (138), North of Range Twenty-eight (28), West, containing Three Hundred and Twenty (320) acres, more or less, according to the government survey thereof, together with all the covenants, conditions and appurtenances thereunto belonging or in anywise appertaining, which sale will be made by the Sheriff of said County of Crow Wing and State of Minnesota, at the front door of the Court House in the City of Brainerd, County of Crow Wing and State of Minnesota, on the 17th day of January, A. D. 1925, at the hour of ten o'clock in the forenoon of that day at public vendue to the highest bidder for cash, to satisfy and to pay the said debt now due as aforesaid, to-wit: the sum of Ten Thousand One Hundred Twelve and 40/100 (\$10,112.40) Dollars, with interest thereon at the rate of six per cent (6%) per annum from the date hereof, together with the sum of Fifty Dollars (\$50.00) attorney's fees, as provided for in said mortgage and by law, and together with the costs and disbursements of said foreclosure and sale as allowed by law.

Dated this 26th day of November, A. D. 1924.

TEXAS HEARS OF BRAINERD'S "REMOTENESS"

THAT cock and bull story of the Radio Digest referring to Brainerd's "remoteness" and location in the northern wilderness is still arousing indignation wherever people live who have once visited our fair city. The latest roar of condemnation emanates from Fred J. Sackett of Bullard, Texas, who in a letter to the Brainerd Chamber of Commerce, says:

"I am enclosing herewith a very interesting clipping that came to my notice today, relating to the 'remote little town of Brainerd.' It may interest you or some of your boosters.

D. 1919, at 12 o'clock noon said day, and duly recorded therein in Book 27 of Mortgages on Page 63.

That the default under said mortgage consists in the failure on the part of the mortgagors to pay the installment of interest of Five Hundred Forty (\$540.00) Dollars, due on the 15th day of November, 1924, and the failure to pay the principal mortgage debt and note of Nine Thousand (\$9,000.00) Dollars, due and payable on the 15th day of November, 1924, and that under the terms of said mortgage and by reason of said default, the whole of said mortgage debt is now due and payable.

And Whereas, there is claimed to be due and is now due on said mortgage, including principal and interest, at the date of this notice, the sum of Ten Thousand One Hundred Twelve and 40-100 (\$10,112.40) Dollars;

And Whereas, action or proceedings have been instituted at law or otherwise to recover the debt secured by said mortgage or any part thereof.

NOW THEREFORE, Notice is hereby given that by authority of the power of sale in said mortgage contained, and pursuant to public statute in such case made and provided, said mortgage will be foreclosed by a sale of the mortgaged premises described in and conveyed by said mortgage, to-wit:

All that tract or parcel of land lying and being in the County of Crow Wing and State of Minnesota, and described as follows, to-wit: The West Half (W½) of Section Twenty-seven (27), in Township One Hundred Thirty-eight (138), North of Range Twenty-eight (28), West, containing Three Hundred and Twenty (320) acres, more or less, according to the government survey thereof, together with all the hereditaments and appurtenances thereunto belonging or in anywise appertaining, which sale will be made by the Sheriff of said County of Crow Wing and State of Minnesota, at the hour of ten o'clock in the forenoon of that day at public vendue to the highest bidder for cash, to satisfy and to pay the said debt now due as aforesaid, to-wit: the sum of Ten Thousand One Hundred Twelve and 40-100 (\$10,112.40) Dollars, with interest thereon at the rate of six per cent (6%) per annum from the date hereof, together with the sum of Fifty Dollars (\$50.00) attorney's fees, as provided for in said mortgage and by law, and together with the costs and disbursements of said foreclosure, and sale as allowed by law.

Dated this 26th day of November, A. D. 1924.

HOME-MADE CHRISTMAS GIFTS ARE DESCRIBED

EVERYONE WANTS SOMETHING
TO WEAR, SAYS HEDDA
HOYT

LITTLE PERSONAL GIFTS MADE
AT HOME ARE AP-
PRECIATED

By HEDDA HOYT
(Fashion Editor of the United Press)
(Written for the United Press)

New York, N. Y., Dec. 11.—The day when we could give mother a box of writing paper and sister an embroidered towel for Christmas has passed.

Every one wants something to WEAR! No gift is appreciated as much as some feminine furbelove which will add to one's wardrobe. Many of these little personal gifts can be made at home and the woman who has time to devote to making Christmas gifts will know that her gifts are fully appreciated. They will not be passed on to someone else next Christmas or given as a tip to the maid.

First, there is the handkerchief. Handkerchiefs are not real gifts, you say? Well, a handkerchief which comes beyond the means of the average woman if purchased ready made in the shops is always a lovely gift. The newest handkerchiefs this year are those which look like petaled flowers. They are made of fine colored linen, the center being worked in French knots to form the stamen of the flower. The kerchief is round in shape, with petals beginning in the middle and ending in petal shape at the border. The petals are outlined in small buttonhole stitch in self shade. When opened, the handkerchief looks like a lovely poppy or rose.

Another lovely gift is the little boudoir cap of net or lace which protects the sleek bobbed or marcelled hair at night. It is made like the bonnet of a baby, fitting tightly about the head with ribbon strings at the sides which tie under the chin. These are very becoming to the young flapper and do wonders toward keeping the back hair sleek and unruffled. One can make them as ornate as one wishes.

Little bundles of sachet are always appreciated. Six little satin bags with fringed ends, each filled with sachet of a different odor and each made of a different shade of satin and tied together with ribbon, make a gift which requires little time and cost. When giving a handkerchief as a gift, it is nice to enclose a little bag of sachet.

Another useful gift is the coat-hanger made of ribbon and filled with sachet. These are so nice to hang the evening frock on. One simply wraps cotton about an ordinary wire hanger forming a pad and covers this with plain or flowered ribbon after enclosing some powdered sachet. The hook part of the

hanger can be wrapped with narrow silk ribbon just as lamp shades are wrapped. One finishes the joining of the wider ribbon to the hanger with bows of ribbon.

Of course, hand-made lingerie is always appreciated. And if one does not care to make this lingerie, one can buy the ready-made garment and embroider a monogram on one corner which takes the ready-made look away from the gift. Somehow, one always likes gifts which have a personal touch and the monogram always gives this.

Then there are many types of little vanity bags, powder puff cases, etc., which can be made very easily. One only has to visit the shops to find them. Just now one can buy pastel shades of velvet studded with brilliant or embroidered in gold or silver which would make lovely little bags for powder-puff and lipstick. An eighth of a yard of material will make two such bags and they can be lined in metal cloth.

Shoe buckles are very popular for evening wear just now and they would make an exceedingly nice gift for the girl who likes fancy evening slippers. The prettiest of these are of tiny rhinestones or amber stones. While buckles are being worn, they are small rather than large.

Just now the head-bandeaux of silver or gold leaves are popular with the young miss or matron. The most costly of these have their leaves made of gold or silver cloth and each leaf is studded with tiny pearl beads.

Recently I met a young woman who purchased six of the plain silver leaf bandeaux. She informed me that she would bead them herself, covering each little leaf with the tiniest of seed pearls. Surely her friends will appreciate these gifts. While the plain bandeaux costs but a dollar, the beaded one in the shops cost a great deal more.

Lively's stock of Ford parts is complete in every detail. Open day and night.

VANITY FAIR GIRL AT HAMLINE

EARNs WAY THROUGH SCHOOL,
GIVES \$100 TO FUND
BESIDES

Vanity Fair girls, in present-day American colleges usually do not earn their own ways through college.

But Miss Olga Heggen, Wheaton (Minn.) girl, does.

Nor do girls who pay their own marcel and finance their board and room without the aid of father's checkbook—and attend universities while doing so—often find it possible to go in much for philanthropy.

Here again Miss Heggen, student at Hamline university, rises up to smash all rules and create a flock of precedents which all the coeds of the United States may begin shooting at.

She earns her way through Hamline university by working several hours each day in the campus library. At any rate, Miss Heggen's smile and her campus activities won her a place with seven other girls as the eight most popular girls on the campus, the eight who were voted on recently when students selected the four who will grace the Vanity Fair section of next spring's Hamline Liner, bi-annual junior publication. The names of the four winners will not be made

public until the book comes off the presses.

But her close friends insist Miss Heggen will be one of the four.

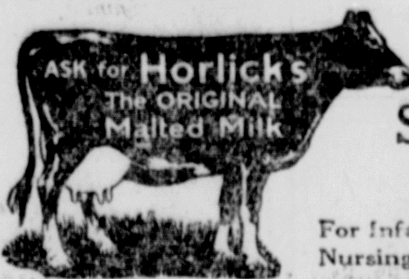

On top of it, comes the news from headquarters of the Hamline university \$1,500,000 "Advance" that Miss Heggen, Vanity Fair girl and one of the scores of Hamline girls earning their bachelor of arts degrees by their own labors, gave \$100 to her alma mater to help it raise a fund which must be pledged before Dec. 18 if Hamline is to have new buildings and endowments.

There are lots of ways to economize, Miss Heggen finds. A few less marcel, over a period of six months, will save enough for one substantial payment, she confided.

"If Hamline students do not sacrifice something to help secure the future of their school, how can they expect citizens out in the state to do so," said Miss Heggen. "I really do not feel like a hero, just because I pledged \$100 to Hamline."

RAILROADS MUST WIN THE PUBLIC, SAYS MARKHAM

NEED BILLION A YEAR FOR TEN
YEARS, SAYS THE
SPEAKER

CAN ONLY GET IT BY HOLDING
CONFIDENCE OF THE
NATION

(By United Press)
New York, Dec. 12.—“Everything today points to long-continued prosperity on the part of the American people,” said President Charles H. Markham of the Illinois Central Railroad at today’s session of the association of Life Insurance Presidents.

Speaking on the subject of “Our Common Carriers and National Expansion,” Markham predicted renewed interest in railway securities by the life insurance companies whose holdings in that class of investment he said, had dropped from 35 per cent of their total assets in 1911 to 22 per cent at the beginning of 1924. The total of railway securities held by these companies is about two billion dollars.

“The injurious effect of the recent Great War are beginning to wear off, and all lines of business, including agriculture and the railroads, are ready to make a new start to levels of industry that have been as yet untouched,” said Markham. “The settled conditions that were in evidence prior to the war are to be resumed. Farm prices are becoming more stabilized. A national election unaffected by the heritage of the war has just been decided. A national policy of encouragement of business has been determined upon. In every way, I believe that we are safe in looking forward to an era of good times in which everyone will share.

“The part the railroads must play in this advance is the one great railway problem facing us today—that of the ability of the railroads, under private management, to take care of the future transportation needs of this great nation.

“The railroads are back, in a way, where they began nearly a century ago, faced again by the need of catching up and keeping up with the country. The mark we shoot at is high. Our railway freight traffic, we must remember, has increased the tremendous amount of more than 300 per cent in the last forty years and has more than doubled itself in the last twenty. It has increased at a rate well in advance of the population increase, because the requirements of our own people and of our foreign trade have been developed to a marked degree by the unprecedented inventions and advance in civilization of recent decades.

“Owing to inadequate rates and uncertainty as to the attitude of the public, our American railroads in recent years have not been able to make adequate investment preparations for the future. More than a billion dollars was borrowed and spent in 1923 to make up for some of the more noticeable defects, but these expenditures did not entirely offset the postponement of needed expenditures that had been forced upon the railroads in the past, much less place the railroads in a position to go confidently ahead. If railway traffic increases in the next ten years only half of what it did in the last ten years, it has been estimated, an expenditure of approximately \$800 million dollars a year above the ordinary maintenance will be required steadily for the next ten years to keep pace with the growth of business. I would not be at all surprised to see railway business increase more than that estimate in the next ten years and an investment expenditure be required of at least a billion dollars a year. It will take confidence on the part of railway managements to spend a billion dollars a year, and it will take confidence on the part of investors to lend it.

“The American people, in the election just over, have reaffirmed their belief in the principle of private ownership of the railroads. They do not want the government to run the railroads, because that would throw upon taxes the burden of railway financing. Since the future existence of the railroads is therefore definitely intrusted to their private owners, the task of obtaining the investments needed for future expansion falls squarely upon the shoulders of the railway managements themselves. The investments are not to be commandeered; they are not to be taken by legislative enactment from the public treasury; they must be invited, they must be wooed and won by constructive means. Railway investment must be made attractive.

“The key to the future for the rail-

roads is to win the public, just as their key to disaster in the past was to lose public confidence. The railroads, by bitter experience, have come to realize this, and I do not believe that they will ever in the future stray away from the path of full, fair dealing with the public. An important part of every railroad’s work in the future will be the cultivating of public confidence. The railroads have had nothing to lose and everything to gain by going to the public with their problems.”

Washington, Dec. 12.—Between 40,000 and 50,000 extra employees will be required to handle the peak load of Christmas mail this year, postal officials today estimated. The extra cost was estimated at about \$2,500,000.

The New York postoffice and its branches will require at least two thousand employees, with a corresponding increase planned for other large offices throughout the country. And the railway mail service will need an added force of from ten to twenty thousand.

To handle the rush of Christmas mail smoothly, the Postoffice department is stressing the necessity of public co-operation in pushing its “shop early” mail. The increased postal force will be in full swing when the peak of the heavy mail period is reported about December 23.

Repeat Order for Roads

People of this state have doubtless read that the people of Illinois recently voted a bond issue of \$100,000,000 for the pavement of highways on the state system. This is a repeat order for modern highways, as only a very few years ago Illinois voted a \$60,000,000 bond issue for the same purpose. Those who argue that the first bond issue was sold to the people must admit that the second issue was bought by the people. It could not be argued successfully that the people do not know exactly what they want or what they voted for.

The proposal to issue a hundred million dollars in bonds for road building in Illinois was discussed for many months before the election. It was brought to the attention of every voter on many occasions over a considerable period of time. There was no doubt that the people were fully informed as to what was proposed and they voted overwhelmingly for it.

In 1924 about 1200 miles have been paved on the Illinois state system, and it is expected that this same rate of progress will be maintained for some years to come. — Indiana Highways and Motors.

The first starring vehicle of “Lefty” Flynn, entitled “The Millionaire Cowboy,” will be shown at the Lyceum Theatre for the last time this evening. Story and star are both unusual; the former for the fact that it is a “different” type of Western picture, and the latter because he is an actor as well as being a good-looking, clean, limbed athlete. Briefly the plot deals with the regeneration of a harum-scarum young man whose

father is a big Wall Street financier. He is finally sent, after one of his scrapes, to a deserted western community, where the only white inhabitants are an old man and his daughter. Here he finds himself, rehabilitates the town, and incidentally wins the girl. Gloria Grey, as the girl, is second only in importance to Mr. Flynn himself, and both are capably supported by a cast which includes Frederick Peters, Daddy Hoosier and Charles Crockett.

Dix a Star in Great Picture

All who enjoy real fast-moving action-drama will be right in their glory when Richard Dix’s first Paramount starring picture, “Manhattan,” shows at the New Park last time tonight. The story is an adaptation by Paul Sloane and Frank Tuttle of the novel, “The Definite Object,” by Jeffery Farnol.

The star has the role of Peter Minuit whose great-great-grandfather purchased the island of Manhattan from the Indians and Peter is all for giving it back to them. “There might be some life in the old town then,” says he.

You take it from this that Minuit is slightly bored with life. He is just that—a millionaire bachelor who has everything in life except that which he craves most—action, adventure, a definite object, something to live for, to strive to be worthy of. He finds action-plus in New York’s Hell’s Kitchen and a definite object in the beautiful sister of a youthful yegg whom he befriends.

Here’s a role that suits Dix to a “T.”

Prof. Cartez, well known “Harp Soloist,” will be an added attraction.

R. R. WISE HEADS 10,000 LAKES

Brainerd Man Re-elected, to Serve
Third Term as
Executive

HENRY I. COHEN, DELEGATE

Brainerd Chamber of Commerce
Resolutions Appreciated by
Mr. Wise

R. R. Wise was re-elected president of the Ten Thousand Lakes of Minnesota Association at the eighth annual meeting of that body Thursday. This will make Mr. Wise's third term in this office, and is taken as a vote of confidence in the ability of the chief executive.

Henry I. Cohen attended the annual meeting as a delegate from the Brainerd Chamber of Commerce, and states that the sessions were extremely interesting and profitable. They were held in the Marquette room, Ryan hotel, St. Paul, in which building is also housed the general offices of the association, where a number of mounted fish and pictures of the Brainerd lake region are on display. Mr. Cohen presented resolutions from the Chamber of Commerce, outlining Mr. Wise's activities as president of the lakes association, and asking that he be retained in that capacity.

A resolution committee of seven was appointed which brought back to the meeting a number of resolutions, among which was one nominating Mr. Wise for the presidency to succeed himself, and this resolution was adopted by an overwhelming majority and with only a few dissenting votes which came from the southern part of the state.

All of the resolutions prepared by the committee were adopted with the exception of one, which provided for the resident fishing license to cost \$1. It was felt that this matter was one entirely out of the jurisdiction of the association, and that it did not care to endorse the proposition.

Brainerd feels that the retention of Mr. Wise as head of the Ten Thousand Lakes of Minnesota Association is a vote of confidence in his ability and an appreciation of what he has done for the organization and for the state of Minnesota during his two years as president. At the time he took this office the association was \$14,000 in debt.

Mr. Wise during his presidency has liquidated this debt, and the treasurer's report given Thursday shows that there is a balance of cash on hand to the credit of the association of about \$1,000. This remarkable achievement is a big work in itself, but the president has done still more, it was pointed out, in spreading the gospel of Minnesota's lake region far and wide, and drawing thousands of summer visitors to this state.

E. R. Ruggles, of Osakis, one of the directors of the association, made an attempt, before the resolution committee was appointed to swing the meeting toward favoring some man from the southern part of the state for the presidency, stating that Southern Minnesota has in the past been discriminated against in this respect. Mr. Ruggles was supported in his contention by Frank Day, of Fairmont, but both gentlemen are said to have swung over for Mr. Wise after the resolution committee had made its report favoring the retention of the present executive.

One of the interesting features of the meeting was an exhibit of magazines and periodicals in which Minnesota's summer playground facilities are advertised by the Ten Thousand Lakes Association or cleverly described in articles written by those who have visited the state and enjoyed its vacation possibilities.

\$50,000,000 Tourist Trade

Minnesota's annual tourist trade has grown to the value of \$50,000,000 and the traffic is increasing annually.

Against only 14,000 tourists who visited the state in 1918 when the Ten Thousand Lakes of Minnesota association was first organized, more than 800,000 tourists of record actually visited in the state this year.

These figures formed the nub of the annual report of the Ten Thousand Lakes of Minnesota association read at the organization's annual meeting at the Marquette room of the Ryan hotel.

H. C. Hotelling, executive secretary of the association, predicted even a greater year in 1935.

The association's growth from its small beginning in 1918, when nine boosters from different sections of the state each contributed \$25 toward the incorporation of the Ten Thousand Lakes of Minnesota association, its progress down through 1934

the present time and its prospects for greater service in the years ahead, were outlined in the annual address of R. R. Wise, Brainerd, president.

100 Members Attend

He spoke to probably 100 members of the association, who are in attendance at the annual meeting. These were formally welcomed by Mayor Arthur E. Nelson.

Secretary Hotelling's annual report showed the financial condition of the association to be excellent.

On the basis of three different checks made during the year just ending, the tourist traffic for the 120 days of the tourist season was in excess of \$60,000. Mr. Hotelling's report showed. Conservative estimates, based on careful checks and past experiences, show that these tourists spent in excess of \$50,000,000.

Advertising Is Needed

Henry L. Adams, former president, Des Moines Chamber of Commerce, was the speaker at the noon luncheon of the association, held at the Athletic club. He spoke on "Minnesota's Opportunity."

"With the advantages before it and the demand of people to avail themselves of these great outdoor privileges, Minnesota should spend more than it does in advertising its 10,000 lakes," Mr. Adams said.

"California spends \$1,000,000 a year in advertising and when a wife takes her husband out there, experience show she sometimes loses him, but no wife has ever lost her husband while on a vacation in Minnesota."

Mayor Nelson began his address of welcome "to the best city in the world," and the meeting threatened to break up. Mr. Day finally admitted he was beaten.

Sessions in the afternoon gave Capt. William Fawcett, Minneapolis, 16212

Brainerd, Pequot and Robbinsdale a chance to show Minnesotans that they need not go to Europe for scenery and natural beauty; that it is right here at home, in Minnesota.

A business session with the election of officers and directors concluded the meeting.

Ernest L. Thomas, Local Painter of C. C. Bowen, Wins \$20 Cash Prize

Ernest L. Thomas, a local painter with C. C. Bowen, was awarded the Minnesota prize in a national essay contest recently staged by the Huron Milling Company, of New York, and this week received his award of \$20. The company offered a prize of \$20 to one painter in each state who turned in the best essay from his state on the use of Red Stave wheat paste, a product manufactured by the company and used in paperhanging.

Minnesota's prize went to the Brainerd man, by the unanimous vote of the judges.

In addition to the cash prize each state winner's name is pooled for a grand prize of \$100 and a second prize of \$50, and Mr. Thomas has every hope that he will be considered in the awarding of these grand prizes.

R. R. WISE HEADS 10,000 LAKES

Brainerd Man Re-elected, to Serve
Third Term as
Executive

HENRY I. COHEN, DELEGATE

Brainerd Chamber of Commerce
Resolutions Appreciated by
Mr. Wise

R. R. Wise was re-elected president of the Ten Thousand Lakes of Minnesota Association at the eighth annual meeting of that body Thursday. This will make Mr. Wise's third term in this office, and is taken as a vote of confidence in the ability of the chief executive.

Henry I. Cohen attended the annual meeting as a delegate from the Brainerd Chamber of Commerce, and states that the sessions were extremely interesting and profitable. They were held in the Marquette room, Ryan hotel, St. Paul, in which building is also housed the general offices of the association, where a number of mounted fish and pictures of the Brainerd lake region are on display. Mr. Cohen presented resolutions from the Chamber of Commerce, outlining Mr. Wise's activities as president of the lakes association, and asking that he be retained in that capacity.

A resolution committee of seven was appointed which brought back to the meeting a number of resolutions, among which was one nominating Mr. Wise for the presidency to succeed himself, and this resolution was adopted by an overwhelming majority and with only a few dissenting votes which came from the southern part of the state.

All of the resolutions prepared by the committee were adopted with the exception of one, which provided for the resident fishing license to cost \$1. It was felt that this matter was one entirely out of the jurisdiction of the association, and that it did not care to endorse the proposition.

Brainerd feels that the retention of Mr. Wise as head of the Ten Thousand Lakes of Minnesota Association is a vote of confidence in his ability and an appreciation of what he has done for the organization and for the state of Minnesota during his two years as president. At the time he took this office the association was \$14,000 in debt.

Mr. Wise during his presidency has liquidated this debt, and the treasurer's report given Thursday shows that there is a balance of cash on hand to the credit of the association of about \$1,000. This remarkable achievement is a big work in itself, but the president has done still more, it was pointed out, in spreading the gospel of Minnesota's lake region far and wide, and drawing thousands of summer visitors to this state.

E. R. Ruggles, of Osakis, one of the directors of the association, made an attempt, before the resolution committee was appointed to swing the meeting toward favoring some man from the southern part of the state for the presidency, stating that Southern Minnesota has in the past been discriminated against in this respect. Mr. Ruggles was supported in his contention by Frank Day, of Fairmont, but both gentlemen are said to have swung over for Mr. Wise after the resolution committee had made its report favoring the retention of the present executive.

One of the interesting features of the meeting was an exhibit of magazines and periodicals in which Minnesota's summer playground facilities are advertised by the Ten Thousand Lakes Association or cleverly described in articles written by those who have visited the state and enjoyed its vacation possibilities.

\$50,000,000 Tourist Trade

Minnesota's annual tourist trade has grown to the value of \$50,000,000 and the traffic is increasing annually.

Against only 14,000 tourists who visited the state in 1918 when the Ten Thousand Lakes of Minnesota association was first organized, more than 800,000 tourists of record actually visited in the state this year.

These figures formed the nub of the annual report of the Ten Thousand Lakes of Minnesota association read at the organization's annual meeting at the Marquette room of the Ryan hotel.

H. C. Hotelling, executive secretary of the association, predicted even a greater year in 1925.

The association's growth from its small beginning in 1918, when nine boosters from different sections of the state each contributed \$25 toward the incorporation of the Ten Thousand Lakes of Minnesota association, its progress down through 1924

the present time and its prospects for greater service in the years ahead, were outlined in the annual address of R. R. Wise, Brainerd, president.

100 Members Attend

He spoke to probably 100 members of the association, who are in attendance at the annual meeting. These were formally welcomed by Mayor Arthur E. Nelson.

Secretary Hotelling's annual report showed the financial condition of the association to be excellent.

On the basis of three different checks made during the year just ending, the tourist traffic for the 120 days of the tourist season was in excess of 800,000. Mr. Hotelling's report showed. Conservative estimates, based on careful checks and past experiences, show that these tourists spent in excess of \$50,000,000.

Advertising Is Needed

Henry L. Adams, former president, Des Moines Chamber of Commerce, was the speaker at the noon luncheon of the association, held at the Athletic club. He spoke on "Minnesota's Opportunity."

"With the advantages before it and the demand of people to avail themselves of these great outdoor privileges, Minnesota should spend more than it does in advertising its 10,000 lakes," Mr. Adams said.

"California spends \$1,000,000 a year in advertising and when a wife takes her husband out there, experiences show she sometimes loses him, but no wife has ever lost her husband while on a vacation in Minnesota."

Mayor Nelson began his address of welcome "to the best city in the world," and the meeting threatened to break up. Mr. Day finally admitted he was beaten.

Sessions in the afternoon gave Capt. William Fawcett, Minneapolis, 16212

Brainerd, Pequot and Robbinsdale a chance to show Minnesotans that they need not go to Europe for scenery and natural beauty; that it is right here at home, in Minnesota. A business session with the election of officers and directors concluded the meeting.

BASEBALL PITCHER AGAIN GETS A CHANCE

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Dec. 12.—Official batting averages for the American League indicate that the efforts of the rule makers to help the pitchers are meeting with some success. Perhaps the lively ball, which produced such a spree of hitting in the past several years, was made less lively or it may be that the compromise on the pitching rules helped the pitchers and made it harder for the batters.

Most of the major league club owners view baseball from a commercial standpoint. With big investments of money represented in high-priced parks and fancy priced players with large salaries, the club owners cannot be blamed too much for watching the cash register.

Baseball, unlike the game of boxing, has been kept consistently in the favor and popularity of the public by changing its style to meet a changing interest in the game. The rules of boxing never have been changed to keep up fully with the changes that must come in the tastes and designs of changing generations. Baseball has done well in supplying just what the public seemed to want in the way of baseball.

In the old days, a tight pitchers' battle with a low score was the favorite style of baseball. Great pitchers were developed then and little premium was placed on hitting. Fast base running clubs became a vogue and major league managers stressed the value of a fast attack. Base runners could be developed easier than great pitchers and great batters.

When Babe Ruth came along and made popular the slugging, smashing style of attack, the crowds flocked to games in which there was promise of a home run. Every club owner wanted a Babe Ruth on his team, but there was only one Babe and the club owners had to do the next best thing.

When the popular style of baseball turned to a hitting game, the rule makers had to impose a handicap on pitching so that it would be easier for the batter. The spitball was barred and rules were passed against the use of any foreign substance on the ball. The "shiner" and the "emery ball" were ruled out and the hitting increased.

It was rather easy then for a .275 hitter to jump into the .300 class or better, but it was far more difficult to create a batter who could slam the ball out of the lot when the Ruth craze for home runs was started. The pitchers couldn't be saddled with any more handicaps in the delivery of the ball and the batters couldn't have it made easier for them to hit. The magnates found the solution in a lively ball that would go farther and faster.

3 TRADES MADE BY MANAGER FLETCHER—McNALLY BACK TO BOSTON

New York, Dec. 12.—Three trades with minor league clubs were announced by the Philadelphia National league club. Manager Art Fletcher is making.

"Lefty" Weintert, a pitcher, was traded to the Vernon club of the Pacific coast league for Walter Kinnick, a third baseman, who formerly played for the Cincinnati Reds.

O'Neill and Dana Filligim, pitchers, were obtained from the Beaumont club of the Texas league for three players and a cash consideration.

Outfielder Hawkes of Nashville was landed by the Phillies in exchange for Parkinson, a shortstop, and a cash consideration.

A deal of immense proportions involving the New York Yankees, the Chicago White Sox, the St. Louis Browns, and the Philadelphia Athletics was reported, but Manager Huggins of the Yankees would not divulge the details for fear of injuring another prospective trade.

It was also reported that the Cincinnati Reds had asked waivers on Jimmy Caveney, shortstop.

Miles McNally, infielder, is traded by the New York Yankees to the Boston Red Sox for Howard Shanks, former Senator. McNally has been subbing for the two teams for many years, being an understudy for Everett Scott, Baker, Dugan and other stars.

Grover Land, old catcher, who formerly backstopped with St. Louis and Cleveland, then into the American association with Toledo and St. Paul, then to the Pacific coast, is back as a coach and scout with Cincinnati, according to an announcement by Jack Hendricks.

LANDIS RECEIVES CONFIDENCE VOTE FROM MAGNATES

THE AMERICAN LEAGUE MOGULS SCORN BAN JOHNSON'S CRITICISMS OF COMMISSIONER

TEXT OF AMERICAN LEAGUE RESOLUTION IS GIVEN IN FULL

New York, Dec. 12.—Adopting resolutions construed by some as a rebuke to their president, Ban Johnson, the club owners of the American league voted their "confidence" in the integrity and ability of Judge K. M. Landis, baseball commissioner.

The text of the American league resolutions:

Glowing Tribute

"Resolved, that we take this occasion to reaffirm publicly our continued faith and confidence in the integrity and ability of Judge Kenesaw Mountain Landis, who was drafted from a high and honorable position in the federal government in the services of baseball.

"And be it resolved further that firmly believing the game's greatest security and safeguard for the future lies in the fullest co-operation between the two major leagues and Commissioner Landis, be it resolved further that the American League give its fullest and unqualified support and indorsement to Commissioner Landis in his methods of conduct and leadership in organized baseball.

"And resolved further that a committee of three consisting of Messrs. Ruppert, Barnard and Shibe, is hereby appointed by the American league to wait upon Judge Landis to the end that full harmony may be restored and full co-operation obtained under the present agreement under which major and minor leagues are now operating."—Duluth News Tribune.

SAYS--NOW STIFF JOINTS MUST GO!

New Discovery Limbers 'Em Up and Even the Creaking Ceases

Yes, it's true—the world progresses. All you have to do nowadays to limber up that stiff, rusty knee joint is to squeeze a half inch of miracle working substance from a tube.

Then rub it on the offending part for about a quarter of a minute or until it soaks through the skin and disappears on its errand of mercy.

Then read the evening newspapers. The chances are that your misbehaving knee joint will lose its "creak" while you are dreaming about the high fences you used to leap when you were a youngster.

"And in the morning," says one who has tried the new discovery, "you'll feel so happy that you'll want to jump into your sportiest clothes and walk briskly down the street just to show the neighbors that you are not as old as they think you are."

Joint-Ease they call this wonder working substance, for the reason that when ordinary remedies fail to limber up the stiff, inflamed rheumatic joint, or reduce the swelling, Joint-Ease succeeds.

It's a good name for a good, clean, penetrating prescription that in just a few months has proven to a multitude of people that lame, swollen, distorted joints can speedily have the kinks taken out of them and work as smoothly as ever.

But Joint-Ease is for bothersome joints, whether in knee, ankle, hip, shoulder, spine or finger, and for that purpose its sale is immense. Every druggist has a big supply of it and druggists everywhere report a big demand.

Always remember, when Joint-Ease gets in joint agony gets out—quick. Mail orders filled, cash or C. O. D. Pope Laboratories, Hallowell, Maine.

Proceedings in Bankruptcy

In the District Court of the United States, for the Fifth Division, District of Minnesota.

In the matter of Sever E. Swanson, Bankrupt, in Bankruptcy No. 2544. To the Honorable Wm. A. Cant, Judge of the District Court of the United States for the District of Minnesota.

Sever E. Swanson, Merrifield, in the County of Crow Wing, and State of Minnesota, in said District, respectfully represents:

That on the 10th day of December, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and of the orders of the court touching his bankruptcy.

WHEREFORE HE PRAYS that he may be decreed by the court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such discharge.

Dated this 9th day of October, A. D. 1924.

Sever E. Swanson, Bankrupt.

Order of Notice Thereon

District of Minnesota, ss.: On this 6th day of December, A. D. 1924, on reading the foregoing petition, it is

ORDERED, BY THE COURT, that a hearing be had upon the same on the 17th day of January, A. D. 1925, before said court, at Duluth, in said District, at ten o'clock in the forenoon; and that notice thereof be published in The Brainerd Dispatch, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the same time and place and show cause, if any they have, why the prayer of said petitioner should not be granted.

AND IT IS FURTHER ORDERED BY THE COURT, that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable William A. Cant, Judge of said Court, and the seal thereof, at Duluth, in said District, on the 6th day of December, A. D. 1924.

BASEBALL PITCHER AGAIN GETS A CHANCE

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Dec. 12.—Official batting averages for the American League indicate that the efforts of the rule makers to help the pitchers are meeting with some success. Perhaps the lively ball, which produced such a spree of hitting in the past several years, was made less lively or it may be that the compromise on the pitching rules helped the pitchers and made it harder for the batters.

Most of the major league club owners view baseball from a commercial standpoint. With big investments of money represented in high-priced parks and fancy priced players with large salaries, the club owners cannot be blamed too much for watching the cash register.

Baseball, unlike the game of boxing, has been kept consistently in the favor and popularity of the public by changing its style to meet a changing interest in the game. The rules of boxing never have been changed to keep up fully with the changes that must come in the tastes and designs of changing generations. Baseball has done well in supplying just what the public seemed to want in the way of baseball.

In the old days, a tight pitchers' battle with a low score was the favorite style of baseball. Great pitchers were developed then and little premium was placed on hitting. Fast base running clubs became a vogue and major league managers stressed the value of a fast attack. Base runners could be developed easier than great pitchers and great batters.

When Babe Ruth came along and made popular the slugging, smashing style of attack, the crowds flocked to games in which there was promise of a home run. Every club owner wanted a Babe Ruth on his team, but there was only one Babe and the club owners had to do the next best thing.

When the popular style of baseball turned to a hitting game, the rule makers had to impose a handicap on pitching so that it would be easier for the batter. The spitball was barred and rules were passed against the use of any foreign substance on the ball. The "shiner" and the "emery ball" were ruled out and the hitting increased.

It was rather easy then for a .275 hitter to jump into the .300 class or better, but it was far more difficult to create a batter who could slam the ball out of the lot when the Ruth craze for home runs was started. The pitchers couldn't be saddled with any more handicaps in the delivery of the ball and the batters couldn't have it made easier for them to hit. The magnates found the solution in a lively ball that would go farther and faster.

PHILLIES STRIVE
TO ADD STRENGTH3 TRADES MADE BY MANAGER
FLETCHER—McNALLY
BACK TO BOSTON

New York, Dec. 12.—Three trades with minor league clubs were announced by the Philadelphia National league club, Manager Art Fletcher is making.

"Lefty" Weinert, a pitcher, was traded to the Vernon club of the Pacific coast league for Walter Kinnick, a third baseman, who formerly played for the Cincinnati Reds.

O'Neill and Dana Filligim, pitchers, were obtained from the Beaumont club of the Texas league for three players and a cash consideration.

Outfielder Hawkes of Nashville was landed by the Phillies in exchange for Parkinson, a shortstop, and a cash consideration.

A deal of immense proportions involving the New York Yankees, the Chicago White Sox, the St. Louis Browns, and the Philadelphia Athletics was reported, but Manager Huggins of the Yankees would not divulge the details "for fear of injuring another prospective trade."

It was also reported that the Cincinnati Reds had asked waivers on Jimmy Caveney, shortstop.

Miles McNally, infielder, is traded by the New York Yankees to the Boston Red Sox for Howard Shanks, former Senator. McNally has been subbing for the two teams for many years, being an understudy for Everett Scott, Baker, Dugan and others.

LANDIS RECEIVES
CONFIDENCE VOTE
FROM MAGNATESTHE AMERICAN LEAGUE MOGULS
SCORN BAN JOHNSON'S CRITICISMS OF COMMISSIONERTEXT OF AMERICAN LEAGUE
RESOLUTION IS GIVEN
IN FULL

New York, Dec. 12.—Adopting resolutions construed by some as a rebuke to their president, Ban Johnson, the club owners of the American league voted their "confidence" in the integrity and ability of Judge K. M. Landis, baseball commissioner.

The text of the American league resolutions:

Glowing Tribute

"Resolved, that we take this occasion to reaffirm publicly our continued faith and confidence in the integrity and ability of Judge Kenesaw Mountain Landis, who was drafted from a high and honorable position in the federal government in the services of baseball.

"And be it resolved further that firmly believing the game's greatest security and safeguard for the future lies in the fullest co-operation between the two major leagues and Commissioner Landis, be it resolved further that the American League give its fullest and unqualified support and endorsement to Commissioner Landis in his methods of conduct and leadership in organized baseball.

"And resolved further that a committee of three consisting of Messrs. Ruppert, Barnard and Shibe, is hereby appointed by the American league to wait upon Judge Landis to the end that full harmony may be restored and full co-operation obtained under the present agreement under which major and minor leagues are now operating."—Duluth News Tribune.

St. Paul, Dec. 12.—Mickey Walker, world's welter champion; Gene Tunney, the American light heavyweight champion, or "Tiger" Flowers, the sensational negro middleweight, are being sought by Promoter A. J. Cameron and Matchmaker Reddy for the next fight card to be staged in St. Paul about the middle of January.

Twin City fans are anxious to see Walker in action, and the world welter titleholder pitted against some good opponent should be an attractive card.

Just who to get is the problem. Gene Tunney also made a decided favorable impression in his bout here with Jim Delaney, and the fans would be pleased to see the New Yorker back here again.

Jack Burke, New Orleans light heavy, is being chattered about as a prospective opponent for Tunney. Burke defeated Fulton in St. Paul, and did a neat job of it, and then triumphed over Romero Rojas in Minneapolis.

A bout between the New Orleans fighter and the American champion might prove very interesting.

RUB CHEST COLDS
AWAY. STOP PAINS

Pain and congestion is gone. Quickly?—Yes. Almost instant relief from chest colds, sore throat, backache, lumbago follows a gentle rubbing with St. Jacobs Oil.

Rub this soothing, penetrating oil right on your chest and like magic relief comes. St. Jacobs Oil is a harmless liniment which quickly breaks chest colds, soothes the inflammation of sore throat and breaks up the congestion that causes pain. It never disappoints and does not burn the skin.

Get a 35 cent bottle of St. Jacobs Oil at any drug store. It has been recommended for 65 years.—Adv't.

RUTHENBERG IS
FOUND GUILTYTHE MICHIGAN SUPREME COURT
FINDS COMMUNIST LIABLE
TO PRISON

Lansing, Mich., Dec. 12.—The Michigan supreme court has held Charles E. Ruthenberg, former secretary of the Communist Party of America, guilty of violation of the state syndicalism law, through participation in the national convention of the party at Bridgman in 1922.

Penalty for the offense is not more than 15 years' imprisonment.

Action of the court upholds contention of the state that the Workers' party legal organization of Michigan is liable.

cal forces is the mysterious "No. 2" of the Moscow Internationale, operating under direction of No. 1, the outlawed communist party.

Both defense and prosecuting attorneys practically eliminated all other arguments in the Ruthenberg case, agreeing Ruthenberg was guilty if the Bridgman convention was a convention of the communist party and if Ruthenberg was a member of that party.

Maybe it was a landslide for Coolidge, and maybe it was an irresistible glacial movement.—Little Rock, Arkansas, Gazette.

Needed Mother's Care

"My stomach suffering was so severe that I could not have lasted much longer. I did not care so much for myself but did not want to leave my three little children who needed a mother's love and care. A cousin in California wrote me about Mayr's Wonderful Remedy and I took a course of it. I have since been entirely well." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis.
